

## FICHA TÉCNICA

### HYB16B

#### Características

|                  |       |
|------------------|-------|
| Voltaje:         | 12 V  |
| Capacidad (20h): | 19 Ah |
| CCA @ 18° C:     | 240 A |

#### Dimensiones

|        |        |
|--------|--------|
| Largo: | 175 mm |
| Ancho: | 100 mm |
| Alto:  | 155 mm |

#### Esquema

|          |                  |
|----------|------------------|
| Esquema: | <i>Izquierda</i> |
|----------|------------------|

#### Terminal

|       |          |
|-------|----------|
| Tipo: | <i>B</i> |
|-------|----------|

#### Peso

|                 |         |
|-----------------|---------|
| Peso con ácido: | 5.97 Kg |
|-----------------|---------|

#### Tipo de batería

|       |                         |
|-------|-------------------------|
| Tipo: | <i>Alto rendimiento</i> |
|-------|-------------------------|

## TECHNICAL DATASHEET

### HYB16B

#### Characteristics

|                 |       |
|-----------------|-------|
| Voltage:        | 12 V  |
| Capacity (20h): | 19 Ah |
| CCA @ 18° C:    | 240 A |

#### Dimensions

|         |        |
|---------|--------|
| Length: | 175 mm |
| Width:  | 100 mm |
| Height: | 155 mm |

#### Scheme

|         |      |
|---------|------|
| Scheme: | Left |
|---------|------|

#### Terminal

|       |   |
|-------|---|
| Type: | B |
|-------|---|

#### Weight

|                   |         |
|-------------------|---------|
| Weight with acid: | 5.97 Kg |
|-------------------|---------|

#### Type of battery

|       |                  |
|-------|------------------|
| Type: | High performance |
|-------|------------------|
