## FICHA TÉCNICA

### HYB10LB2

#### Características

|                  |       |
|------------------|-------|
| Voltaje:         | 12 V  |
| Capacidad (20h): | 11 Ah |
| CCA @ 18° C:     | 160 A |

#### Dimensiones

|        |        |
|--------|--------|
| Largo: | 134 mm |
| Ancho: | 89 mm  |
| Alto:  | 145 mm |

#### Esquema

|          |         |
|----------|---------|
| Esquema: | Derecha |
|----------|---------|

#### Terminal

|       |   |
|-------|---|
| Tipo: | D |
|-------|---|

#### Peso

|                 |         |
|-----------------|---------|
| Peso con ácido: | 3.80 Kg |
|-----------------|---------|

#### Tipo de batería

|       |                  |
|-------|------------------|
| Tipo: | Alto rendimiento |
|-------|------------------|

## TECHNICAL DATASHEET

### HYB10LB2

#### Characteristics

|                 |       |
|-----------------|-------|
| Voltage:        | 12 V  |
| Capacity (20h): | 11 Ah |
| CCA @ 18° C:    | 160 A |

#### Dimensions

|         |        |
|---------|--------|
| Length: | 134 mm |
| Width:  | 89 mm  |
| Height: | 145 mm |

#### Scheme

|         |       |
|---------|-------|
| Scheme: | Right |
|---------|-------|

#### Terminal

|       |   |
|-------|---|
| Type: | D |
|-------|---|

#### Weight

|                   |         |
|-------------------|---------|
| Weight with acid: | 3.80 Kg |
|-------------------|---------|

#### Type of battery

|       |                  |
|-------|------------------|
| Type: | High performance |
|-------|------------------|
