

CHARGING RACK EASY

CHARGING RACK EASY

The Charging Rack Easy from Fronius is a flexible, safe and standards-compliant equipment solution for single charging points, battery charging rooms and charging stations.

It can be used with one or more (max. 4) Selectiva 8kW and 16kW battery charging systems and is particularly suited to users with specific requirements.

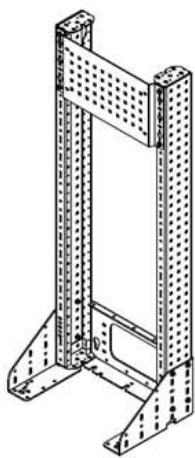

The module consists of a stable base and two mounting posts. The height and position of the battery charging systems can be easily adapted to the space available and requirements of the user.

The user can also mount Selectiva 1kW, 2kW and 3kW battery charging systems on the charging rack using an optional mounting plate.
